47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a broad band user in the San Francisco Bay area, we need to have a fair and multiple competitive Internet service providers besides AT&T or Comcast and etc.

As you can see more competition will lower the monthly service fees, the general public will be benefits immensely. I had AT&T phone and DSL service also had Comcast Cable and Broadband service before. I have tolerated their price increase yearly, BUT NO LONGER

Please DO NOT LET AT&T monopoly this industry .Thank you.
